

# SAFETY DATA SHEET CPI-GEORGIA

Isotopeshop.com Version 1.0 Revision Date: 5/4/2021 Print Date: 5/4/2021

1.1 Product identi	cation of the substance/mixture fiers	e una or ene compan		
Product name:		Carbon dioxide- ${}^{18}O_2$		
Product Number:		OCC-203		
Brand:		CPI Georgia		
CAS-No.:		2537-69-1		
Formula:		CO <sub>2</sub>		
1.2 Recommended	l use of the chemical and restrie	ctions on use		
For research use or	nly. Not intended for diagnostic or	r therapeutic use.		
	supplier of the safety data shee	•

4.1 First Aid Measures	
General advice:	If symptoms persist, call a physician. Do not breathe dust/fume/gas/mist/vapors/spray. Do not get in eyes, on skin, or on clothing.
Eye contact:	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician. Rinse thoroughly with plenty of water for at least 15 minutes, lifting lower and upper eyelids. Consult a physician.
Skin Contact:	Consult a physician if necessary. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Immediate medical attention is not required. If skin irritation persists, call a physician.
Inhalation:	Move to fresh air, Call a physician, If breathing is irregular or stopped, administer artificial respiration, Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation Immediate medical attention is not required Move to fresh air in case of accidental inhalation of vapors If symptoms persist, call a physician.
Ingestion:	Rinse mouth. Drink plenty of water. If symptoms persist, call a physician. Do NOT induce vomiting. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Call a physician.
Self-protection of the first aider:	Use personal protective equipment as required.
<b>4.2 Most important symptoms and effec</b> Symptoms No information available.	ts, both acute and delayed
4.3 Indication of any immediate medical	attention and special treatment needed

4.3 Indication of any immediate medical attention and special treatment needed
Note to physicians. Treat symptomatically.

Section 5: Fire-Fighting Measures	
5.1 Extinguishing media	
Suitable extinguishing media:	Use water spray, alcohol-resistant foam, dry chemical, or carbon dioxide.
5.2 Special hazards arising from the substance or	mixture
Carbon oxides	
5.3 Advice for firefighters	
Wear self-contained breathing apparatus for firefigh	ing if necessary.
5.4 Further information	
No data available.	

Section 6: Accidental Release Measures

6.1 Personal precautions, protective equipmer	it, and emergency procedures
Personal precautions:	Use personal protective equipment as required.
	Evacuate personnel to safe areas. Keep people away
	from and upwind of spill/leak.
6.2 Environmental precautions	
Environmental precautions:	Prevent entry into waterways, sewers, basements, or
	confined areas. Do not flush into surface water or
	sanitary sewer system. Prevent further leakage or
	spillage if safe to do so. Prevent product from
	entering drains. See Section 12 for additional
	Ecological Information.
6.3 Methods and material for containment and	J cleaning up
Methods for containment:	Prevent further leakage or spillage if safe to do so.
Methods for cleaning up:	Use personal protective equipment as required.
	Cover powder spill with plastic sheet or tarp to
	minimize spreading and keep powder dry. Take up
	mechanically, placing in appropriate containers for
	disposal. Avoid creating dust. Clean contaminated
	surface thoroughly. Soak up with inert absorbent
	material. Dam up. Pick up and transfer to properly
	labeled containers. Sweep up and shovel into
	suitable containers for disposal. After cleaning, flush
	away traces with water. Take precautionary
	measures against static discharges.

# Section 7: Handling and Storage

#### 7.1 Precautions for safe handling

Avoid contact with skin and eyes. Avoid formation of dust and aerosols. Further processing of solid materials may result in the formation of combustible dusts. The potential for combustible dust formation should be taken into consideration before additional processing occurs. Provide appropriate exhaust ventilation at places where dust is formed. For precautions see section 2.2.

#### 7.2 Conditions for safe storage, including any incompatibilities

Store in cool place. Keep container tightly closed in a dry and well-ventilated place.

#### 7.3 Specific end use(s)

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.

#### **Section 8: Exposure Controls/Personal Protection**

# **8.1 Control parameters**

**Exposure Guidelines:** 

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region-specific regulatory bodies.

#### 8.2 Exposure controls

#### Appropriate engineering controls

Handle in accordance with good industrial hygiene and safety practice. Wash hands before breaks and at the end of workday.

# 8.2.1 Personal protective equipment

# Eye/face protection

Safety glasses with side-shields conforming to EN166 Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

# **Skin protection**

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

# **Body Protection**

Complete suit protecting against chemicals, the type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

# **Respiratory protection**

Respiratory protection is not required. Where protection from nuisance levels of dusts are desired, use type N95 (US) or type P1 (EN 143) dust masks. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

# Control of environmental exposure

Prevent further leakage or spillage if safe to do so. Do not let product enter drains. Discharge into the environment must be avoided.

# Section 9: Physical and Chemical Properties

# 9.1 Information on basic physical and chemical properties

Physical State: Appearance: Odor: Molar mass: Gas No information No information available 48.01 g/mol

# Property

pН Melting point/freezing point **Boiling point** Flash point Density Evaporation rate Upper flammability limits Lower flammability limits Vapor pressure Vapor density Specific gravity Water solubility Solubility in other solvents Partition coefficient Autoignition temperature Decomposition temperature Kinematic viscosity Explosive properties Oxidizing properties

# <u>Values</u>

No information available -77.99 °C No information available No information available

	Revision Date: 5/4/2021
Section 10: Stability and Reactivity	
10.1 Reactivity	
No data available.	
10.2 Chemical stability	
Stable under recommended storage condit	tions.
10.3 Possibility of hazardous reactions	
None under normal processing.	
10.4 Conditions to avoid	
No data available	
10.5 Incompatible materials	
Strong oxidizing agents, Strong acids	
10.6 Hazardous decomposition products	
Hazardous decomposition products formed	d under fire conditions Carbon oxides.
Other decomposition products - No data av	vailable.
In the event of fire: see section 5.	
Section 11: Toxicological Information	
11.1 Information on likely routes of expo	
Inhalation:	No data available.
Eye contact:	No data available.
Skin Contact:	No data available.
11.2 Information on toxicological effects	
Symptoms:	No information available.
	vell as chronic effects from short and long-term exposure

An environmental hazard cannot be ex	cluded in the event of unprofessional handling or disposal.
Toxic to aquatic life with long lasting eff	fects.
Section 13: Disposal Considerations	
Disposal of wastes:	Disposal should be in accordance with
	applicable regional, national and local laws and
	regulations.
Contaminated packaging:	Do not reuse container.
Section 14: Transport Information	
DOT (US)	
Not regulated.	
IMDG	
Not regulated.	
ΙΑΤΑ	
Not regulated.	
Section 15: Regulatory Information	
-	al regulations/legislation specific for the
substance or mixture	
	e requirements of Regulation (EC) No. 1907/2006.
15.2 Chemical safety assessment	
For this product a chemical safety asses	ssment was not carried out
Section 16: Other Information	
Contains gas under pressure; May expl	ode when heated.
Disclaimer	
•	ial Safety Data Sheet is correct to the best of our knowledge,
	s publication. The information given is designed only as a guidance
	age, transportation, disposal, and release and is not to be considered
	information relates only to the specific material designated and may
	ombination with any other materials or in any process, unless
specified in the text.
